

Calvert clears out a rats' nest!

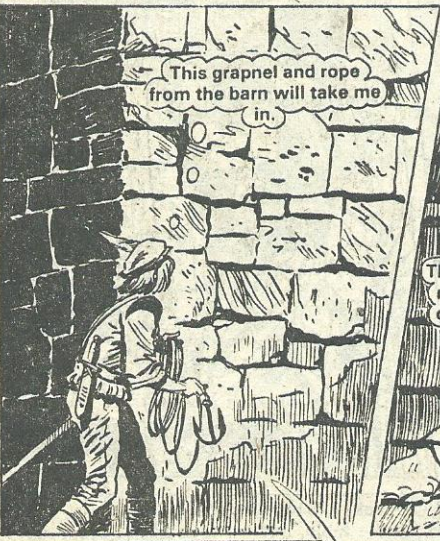

Wolf Lennox sails on a wild goose chase. Now I will visit the men he has left behind on guard in my keep.

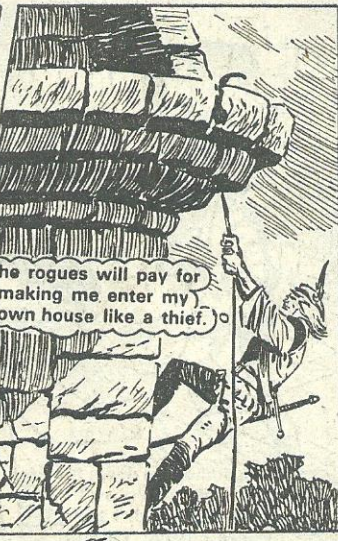

Sounds of revelry from inside my house. I must teach those guards to take their duties more seriously!

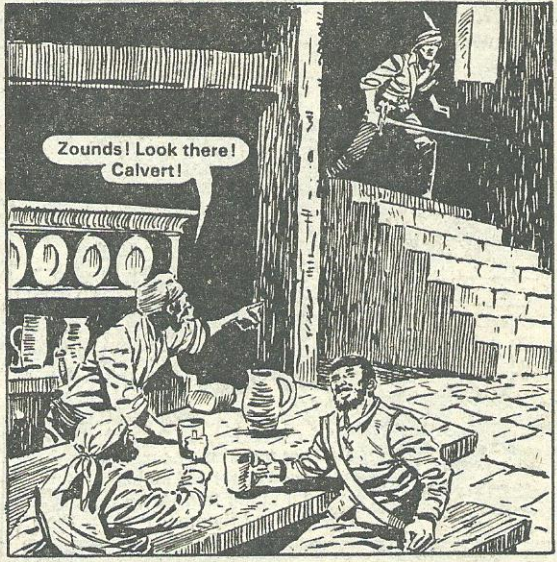

This grapnel and rope from the barn will take me in.

The rogues will pay for making me enter my own house like a thief.

Zounds! Look there! Calvert!

I've come to clear some of the vermin from my house, rats!

Aagh!

Uuurgh!

This is proof I'm no ghost, friend!

Ha! Test your steel on the stone, pirate!

Unn! My blade is shattered!
