So you'll be away for two weeks? No problem, I'll keep an eye on your house.

Thank you my dear. Just the front, there will be no need to step inside.

I'm looking forward to my trip to Yorkton. It's hard work looking after my lodgers. I need a break every so often.

And I'm sure they need a break from me. At least I can rely on them to not cause any trouble in my absence.
