

Seconds later ...

THE NEXT LOADED TRAIN THROUGH THE TUNNEL IS IN FIFTEEN MINUTES, FROM THE OTHER END. I TIMED IT MYSELF MORE THAN ONCE.

NEARLY READY. THERE'S ONLY THE DETONATOR TO WIRE UP AND SET.

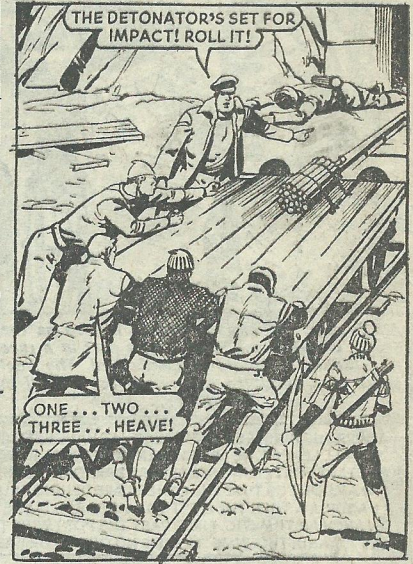

Suddenly ...

HEY, WHAT ...? HIMMEL!

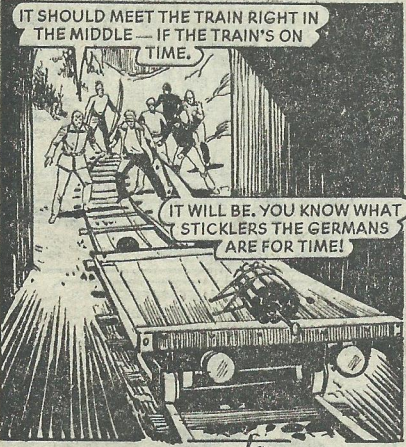

ARGH!

WELL DONE, JAN!

THE DETONATOR'S SET FOR IMPACT! ROLL IT!

ONE ... TWO ... THREE ... HEAVE!

IT SHOULD MEET THE TRAIN RIGHT IN THE MIDDLE - IF THE TRAIN'S ON TIME.

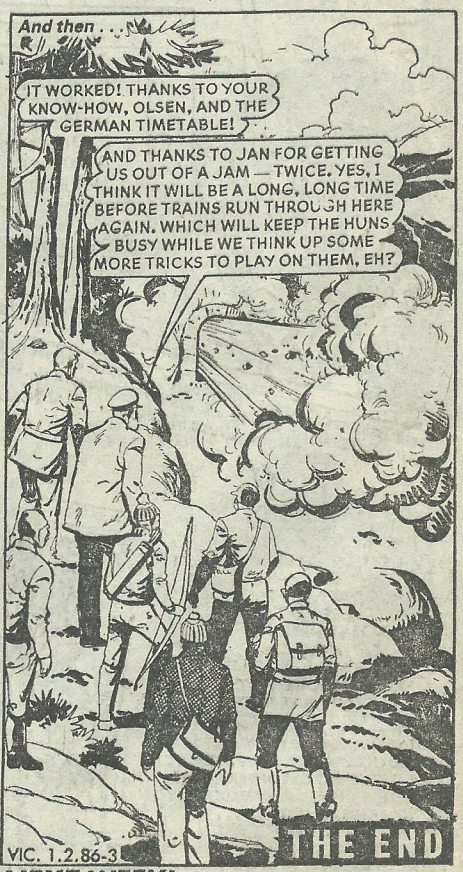

IT WILL BE. YOU KNOW WHAT STICKLERS THE GERMANS ARE FOR TIME!

In the tunnel ...

WHAT'S THAT?

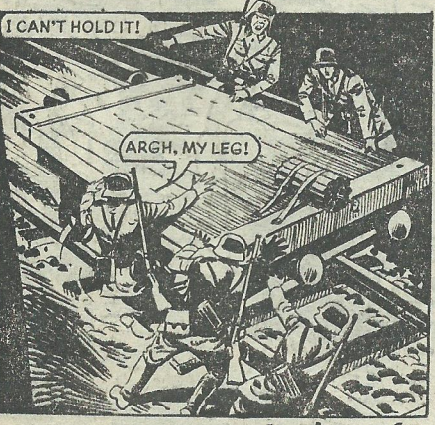

IT'S A RUNAWAY TROLLEY! IT'LL HIT THE TRAIN HEAD ON, MAYBE DERAIL IT! WE'VE GOT TO STOP IT SOMEHOW!

And then ...

IT WORKED! THANKS TO YOUR KNOW-HOW, OLSEN, AND THE GERMAN TIMETABLE!

AND THANKS TO JAN FOR GETTING US OUT OF A JAM - TWICE. YES, I THINK IT WILL BE A LONG, LONG TIME BEFORE TRAINS RUN THROUGH HERE AGAIN. WHICH WILL KEEP THE HUNS BUSY WHILE WE THINK UP SOME MORE TRICKS TO PLAY ON THEM, EH?

I CAN'T HOLD IT!

ARGH, MY LEG!

IT'S NO USE, IT'S GOING TOO FAST!

HIMMEL! THE TRAIN IS COMING!
